

1.1 What is NC-X300

The NovoConnect NC-X300 is a simple-to-use wireless collaboration solution for businesses of all sizes. With the NC-X300, up to 2 meeting participants are able to wirelessly show content from any device to larger display screen, while up to 8 participants can be connected simultaneously. The cross-platform compatible NC-X300 facilitates wireless collaboration with a complete suite of functionalities, including the ability to display two participants simultaneously, instantly switching to the other team members, file sharing, real-time annotation, interactive display and wireless mouse touchback. The NC-X300 set-up is simple and guaranteed to work instantly and it comes with a pre-paired LauncherPlus for instant guest connections.

NC-X300 comes with the following hardware configuration

- Display Output (HDMI): up to 1080p resolution @ 30fps
- Internal Storage: 8GB in total (~ 5GB for users)
- Connectivity: USB, Audio Output
- Networking: Built-in WiFi and LAN (via USB-to-Ethernet adaptor)
- Kensington Lock
- Accessories: LauncherPlus (pre-paired); USB-to-Ethernet adaptor
