

1.2 Product Features

The NovoTouch EK series is packed with powerful collaboration and productivity tools, making it easy for users to share screen and content, open and annotate documents, make video conference, and more.

- **NovoConnect solution:** Wireless screen mirroring and collaboration for Windows, Mac, Chromebook and mobile devices
- **Note:** Whiteboard for sharing ideas
- **NT Minutes:** Screen recording tool
- **NovoDS:** Full-fledged digital signage capabilities to create impressive visual communications
- **NT Live:** Display synchronization among multiple NovoTouch panels and NovoConnect devices
- **NT App Store:** A suite of Apps available for one-click installation, including video conferencing solution like Zoom
- **Remote Manager:** Centralized management from a remote computer
- **Others:** Web browser, MS Office document and PDF viewer, etc.
- **Firmware Update:** Update your NovoTouch when connected to the Internet, or push update packages through local network using Remote Manager

All these features are available without any on-going subscriptions.
