

2.6.1 Tab “General”

Select the **General** tab at the bottom of the editing menu’s side panel to access the general panel and configure general settings for the playlist.

The screenshot shows a 'General' tab interface with the following elements:

- Name:** A text input field containing 'PlayList_20210622094518'.
- Description:** A large, empty text area for entering a description.
- Applicable to device(s):** A section showing 'NovoDS 4K, NovoDS, NovoTouch, NovoDisplay and NovoConnect X series.' with an edit icon (pencil) to its right.
- Content:** A section showing '0 Bytes' with a folder icon to its right.

The following options are available in the general panel:

- **Name** – Edit the name for the playlist in this field.
- **Description** – Enter or edit a description for the playlist in this field.
- **Applicable to device** – Click the edit button to configure the Novo devices the playlist will be played on.
- **Content** – Click the folder button to open the folder where the playlist and its related files are stored in your local storage.
