

2.7.11 Twitter

To display a feed from a Twitter account or hashtag in a layout item/box, click the Twitter button () in the bar to the left of the content menu, and the Twitter menu will appear.

The image shows a 'Properties' dialog box for configuring a Twitter feed. It features two radio buttons: 'Who to follow:' (selected) and 'Hashtag:'. Below these is a note: 'Note: Only active hashtags, meaning relevant tweets are posted in the last 7 days, will be followed.' The dialog includes several settings: 'Refresh Period' set to 30 Minute(s), 'Style' set to Custom, 'Font' set to Roboto-Light, 'Font Size' set to 28, 'Text Color' set to White, 'Background Color' set to Transparent, and 'Speed' set to Medium. At the bottom, 'Items to show' is set to All, and 'Channel ID' is Page 1-1. There are 'Save', 'Cancel', and 'Go Back' buttons at the bottom right.

Properties

Who to follow:

Hashtag:

Note: Only active hashtags, meaning relevant tweets are posted in the last 7 days, will be followed.

Refresh Period: 30 Minute(s)

Style: Custom

Font: Roboto-Light

Font Size: 28

Text Color: White

Background Color: Transparent

Speed: Medium

Items to show: All 10 Items

Channel ID: Page 1-1

Save Cancel Go Back

In the **Properties** section of the Twitter menu, select **Who to follow** to display a feed from a Twitter profile or **Hashtag** to display a feed for a hashtag, and then enter the respective profile or hashtag to the right of your selection.

Once you have selected the type of Twitter feed, the following

options will become available to configure the display settings for the Twitter feed. The availability of the settings below will be based on the type of Twitter feed selected.

- **Refresh Period** – Sets the amount of time (in minutes) you want to pass before the Twitter feed is refreshed.
- **Style** – Sets the visual style of the feed. The availability of some of settings below will also be based on the type of **Style** chosen.
- **Font** – Sets the font for the text. To use a font not included in the drop-down menu, click the more button () and upload the font you want to use.
- **Font Size** – Sets the size of the text.
- **Text Color** – Allows you to choose from several preset colors or select a custom color for the text.
- **Background Color** – Allows you to choose a transparent background, or a preset or custom color for the background.
- **Speed** – Sets the speed at which the feed scrolls.
- **Items to show** – Allows you to limit the number of tweets shown in the feed.
- **Text Scale** – Allows you to increase the size of the text.
- **Theme** – Chooses the color theme for the feed. Select **Background Transparency** if you want the feed to feature a transparent background.

Once you have finished configuring the Twitter feed settings, click **Save** to finish.
