# 2.7.7 IP Stream

To display a video stream from an IP camera in a layout item/box click the IP stream button ( ) in the bar to the left of the content menu, and the IP stream menu will appear. Follow the instructions below to configure the display settings for the IP video stream.

1. In the **URL** field, enter the URL for the IP camera.
2. In the **Others** field, click the **Set as audio source** box to have the display broadcast the audio from the IP camera's video stream.
3. Click **Save** to finish configuring the YouTube video settings.
