

2.7.9 Local Text

The image shows a dialog box titled "Content". Inside the dialog, there is a text input area with the placeholder text "Enter text here". Below the input area, there is a hint: "(Hint: The length of the text is limited to 512 characters, and the remaining characters are replaced by '...'.)". At the bottom right of the dialog, there are three buttons: "Save", "Cancel", and "Go Back".

In the **Content** section, enter the text directly. If **Rich Text** is selected in the **Visual Effect** field, a text tool bar will be available to stylize the text with basic word processing features.

Once you have finished entering and stylizing the text, click **Save** to finish.
