

## 2.7.9 Local Text

Content

Enter text here

(Hint: The length of the text is limited to 512 characters, and the remaining characters are replaced by '...'.)

Save Cancel Go Back

In the **Content** section, enter the text directly. If **Rich Text** is selected in the **Visual Effect** field, a text tool bar will be available to stylize the text with basic word processing features.

Once you have finished entering and stylizing the text, click **Save** to finish.
