

4.1 Upload and deploy apps

This chapter is an introduction about app management on Remote Manager Cloud, such as uploading an app to the cloud and deploying it to a device.

Enter the “Apps” of the main menu, you can see the screen as below.

The screenshot shows the 'Apps' management interface. At the top, there is a header with a grid icon, the text 'Apps', a refresh icon, and a plus sign. Below the header is a table with the following columns: App name, Version, Version code, Min SDK, File size, Uploaded by, and Last updated. Each row represents an installed application and includes a small icon on the left and two action icons (a green cloud with a checkmark and a red trash can) on the right.

App name	Version	Version code	Min SDK	File size	Uploaded by	Last updated		
Magic iPerf	1.0	1	19	785.51 KB	Botao	2024-06-05		
ES File Explorer	4.1.7.16	628	14	15.5 MB	Botao	2023-05-31		
Excel	16.0.11901.20110	2001787961	23	66.64 MB	Eric	2023-04-25		
PowerPoint	16.0.11901.20110	2001787961	23	63.88 MB	Eric	2023-04-25		
VLC	3.2.3	13020304	17	24.98 MB	Eric	2023-04-25		
Adobe Acrobat	18.2.0.182935	182935	16	23.03 MB	Eric	2023-04-25		
Skype	8.15.0.430	1250003512	15	21.78 MB	Eric	2023-04-25		

- Upload apps: click “+” icon to upload your apk file.
- Deploy apps: click cloud icon to deploy apk file to device. Only online device can be deployed the application.
