

## 4.3.1 Start and Stop Playback

Once a device is connected, it can play any playlists available on the device.

1. Select the desired playlist in column "Playlist"
2. Click on the "Play" button to start the playback
3. Once the playback is started, you can click on the "Stop" button to stop the playback anytime.

The screenshot displays a web interface for managing devices. On the left, a sidebar shows 'All Devices (123)' and 'Unassigned Devices (114)', with a 'Group List' containing '9F (4)' and '2B Showroom (5)'. The main area features a table with columns: Label, Name, IP Address, Playlist, Action, and Status. The first row, 'Meeting Room 3', is active, showing it is playing the 'Demo\_watchhand' playlist. The 'Play' button in the 'Action' column for this row is highlighted with a green box. Other rows include 'Reception area', 'Hallway', and 'Boardroom', all currently without active playlists.

Label	Name	IP Address	Playlist	Action	Status
Meeting Room 3	Novo-27DF1	192.168.86.113	Demo_watchhand		Playing Demo_watchhand playlist .
Reception area	<unknown>	10.136.5.53	EU COVID19 StaySafe		
Hallway	<unknown>	172.16.5.144			
Boardroom	DS-88DF6	10.136.5.138
