

4.3.2 Upload a Schedule

Once a device is connected, you can upload a playback schedule to by clicking on the “Schedule” button. Then follow the on-screen instructions to select the desired playback schedule.

The screenshot displays a web-based interface for managing devices. On the left, a sidebar contains a 'Group List' with two entries: '9F (4)' (highlighted in blue) and '2B Showroom (5)'. The main area features a table of devices with columns for Label, Name, IP Address, Playlist, Action, and Status. The first row, 'Meeting Room 3', is highlighted in green and shows a status of 'Playing Demo watchhand playlist'. The 'Action' column for this row contains a green square icon with a white grid pattern, which is highlighted by a green box. Above the table, there are buttons for '+ Devices', 'Generate Configuration File', 'Remote Snapshot', and 'Announcements'. Below these, a 'Playlist:' section includes 'Change', 'Upload Schedule', and 'Functions' buttons.

Label	Name	IP Address	Playlist	Action	Status
Meeting Room 3	Novo-27DF1	192.168.86.113	Demo watchhand		Playing Demo watchhand playlist.
Reception area	<unknown>	10.136.5.53	EU COVID19 StaySafe		
Hallway	<unknown>	172.16.5.144			
Boardroom	DS-88DF6	10.136.5.138
