

3. ADD/REMOVE/GROUP DEVICES

Add a device

1. To add a new device to the device list, click on the “+ Device” button at the top of the screen.

1. This will open the “Create New Device” window. Enter the device’s description (such as location), and IP address. You can also select a group (optional) from the group list pull-down menu. Click “OK” to complete adding the new device.

A screenshot of the "Create New Device" dialog box. The dialog has a title bar that says "Create New Device". It contains three input fields: "Description" (a text box), "IP Address" (a text box with three dots), and "Group" (a pull-down menu). At the bottom right of the dialog are two buttons: "Apply" and "Cancel".

1. When the new device is successfully added it will appear in the device list.
2. If the device is currently connected, the connection indicator will become green. Otherwise, it is in red.
