# 3.10 Change Device Name

1. In the All Apps menu, tap **NT Settings**.

2. In the **NT Settings** menu, tap **General**.

3. Tap **Room Name** to edit the name for the device/display.

4. Once you return to the NT Launcher home screen, you can check for the new device name in the top-right corner.

5. Return to the RVA home screen to see the new device name.

Using Launcher Dongle

Launcher Dongle

No software or network required.
Plug into Windows or Mac PC.
