# 3.11 Clear History

Software Setup

Step 1. In the NT Launcher home screen, tap the button at the bottom-right corner.

Step 2. Tap **CONFIGURE** to enter the **Configuration** menu.

Step 3. The following options will be shown:

- **Auto-Clear**:

When enabled, the display will clear its history anytime the power button is pressed or the display enters sleep mode.
- **Delete Tasks**:

Allows you to remove any of the third-party apps shown from the recently used apps list.

- **Folders**:

Tap **+** to add a folder to the list of folders to clear.

After selecting a folder, you can choose whether to delete the folder entirely or just clear the folder of its contents.

- **User Data**:

Allows you to clear a third-party app of its user information.

- **Clear Accounts**:

Allows you to clear any accounts from the system.

Step 4. Tap **<** to return to the **Configuration** menu.

Step 5. Repeat step 1 and tap **Apply** to begin clearing the history. If **Auto-Clear** has been enabled, press the power button on the display.
