2.3 Connect your NovoTouch to your network

Setting up an Internet Connection

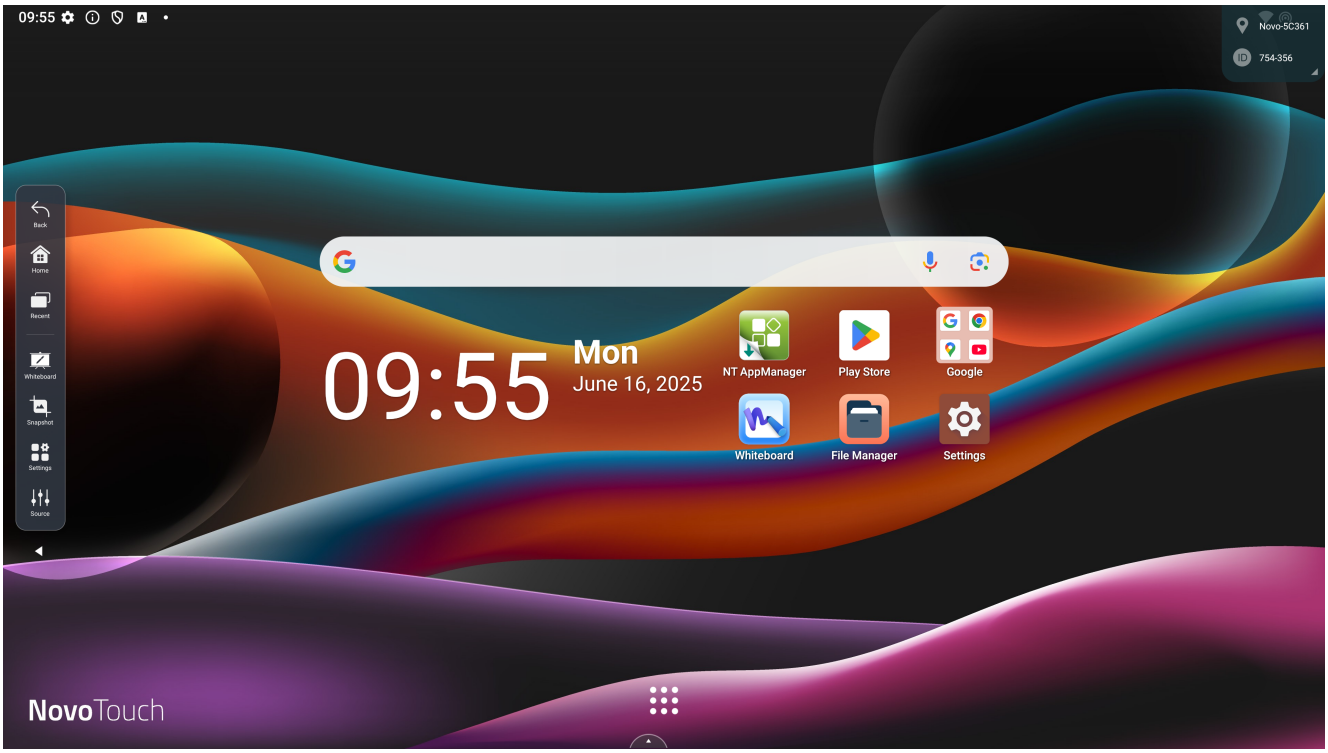

NovoTouch is able to connect to the internet using one of the following methods:

- A wired connection via the RJ-45 port, see the LAN (RJ-45) section for more information.
- A Wi-Fi connection.

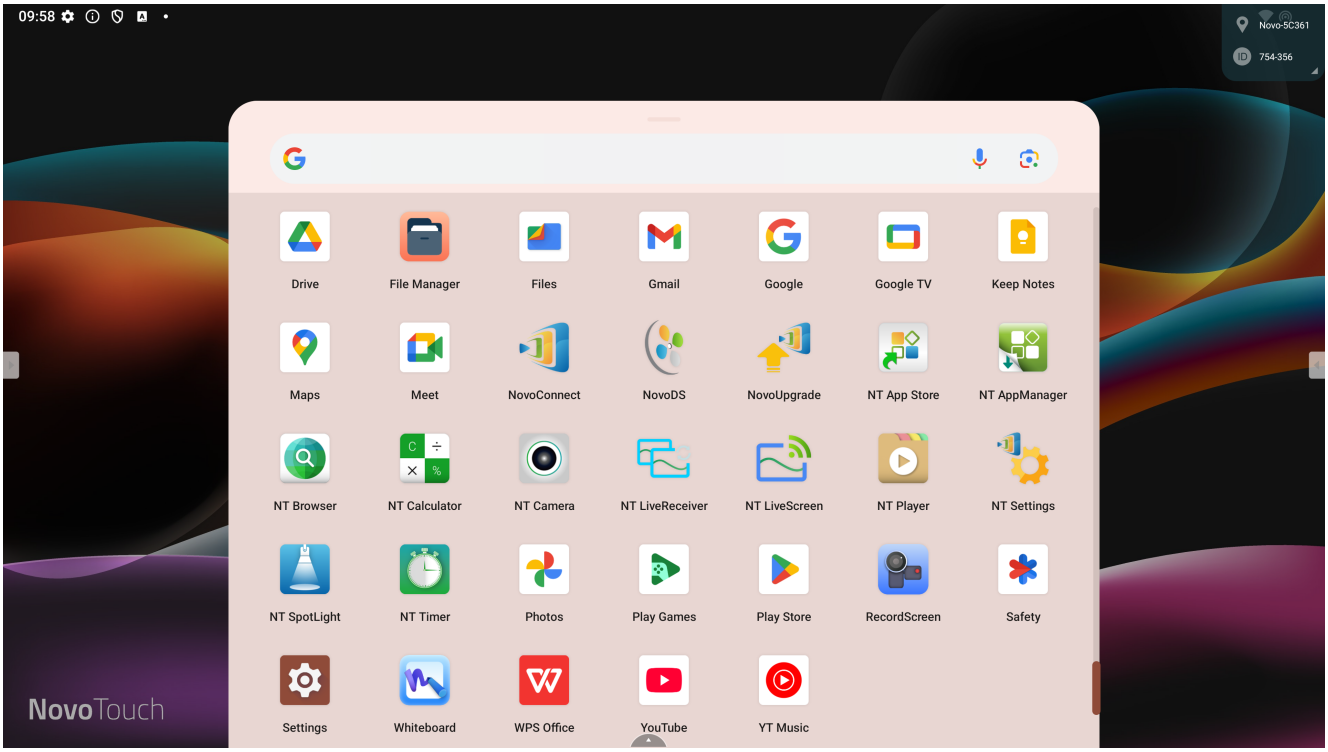

Setting up a Wi-Fi Connection

To set up a Wi-Fi connection:

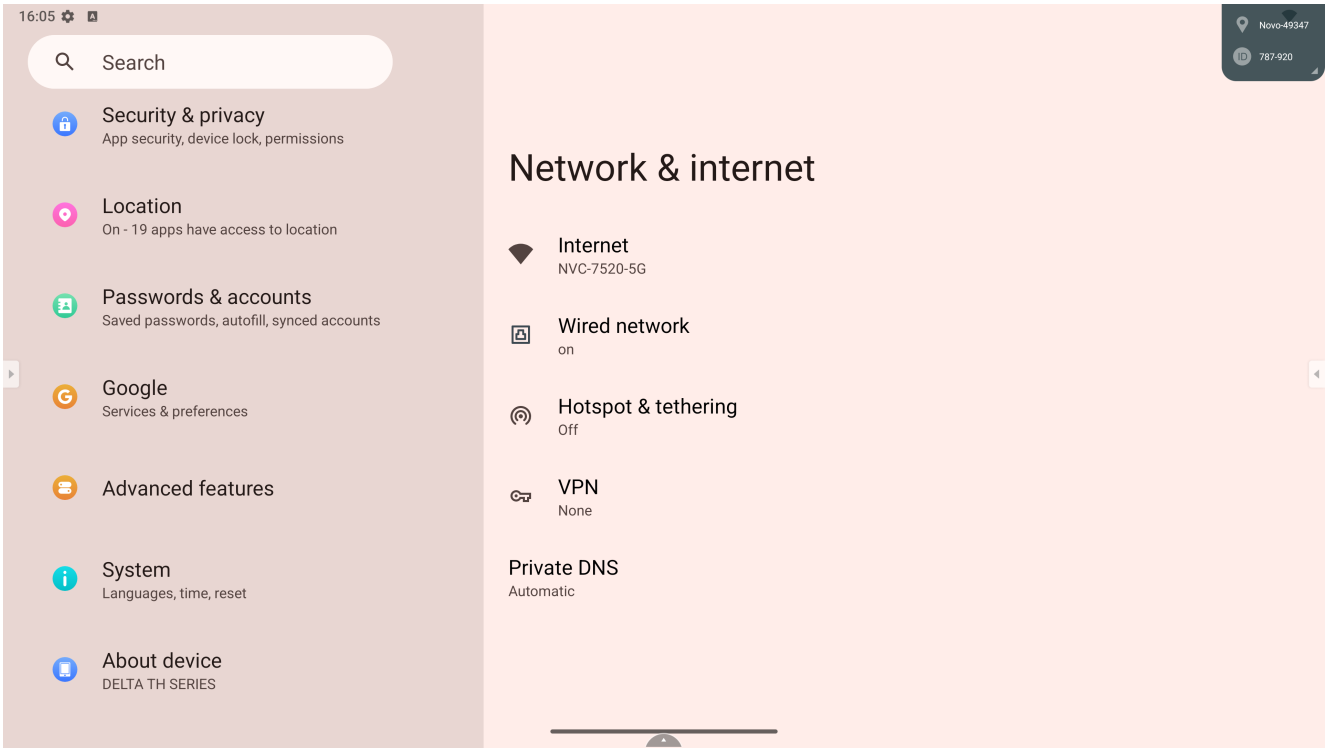

1. Click the **Settings** App on the home scree.

3. Or, select **Settings** in the All Apps menu.

3. Select **Network and Internet** in the **Settings** menu.

4. Select **Connect to Wi-Fi** in the **Wi-Fi** menu and then select **Configure**.
