

# Configuring Settings

## The Main Settings Menu

Click the **settings** button  on the NovoStage home screen to access the settings menu that includes the following items. Go to [The NovoStage Home Screen](#) for more information on the main screen.

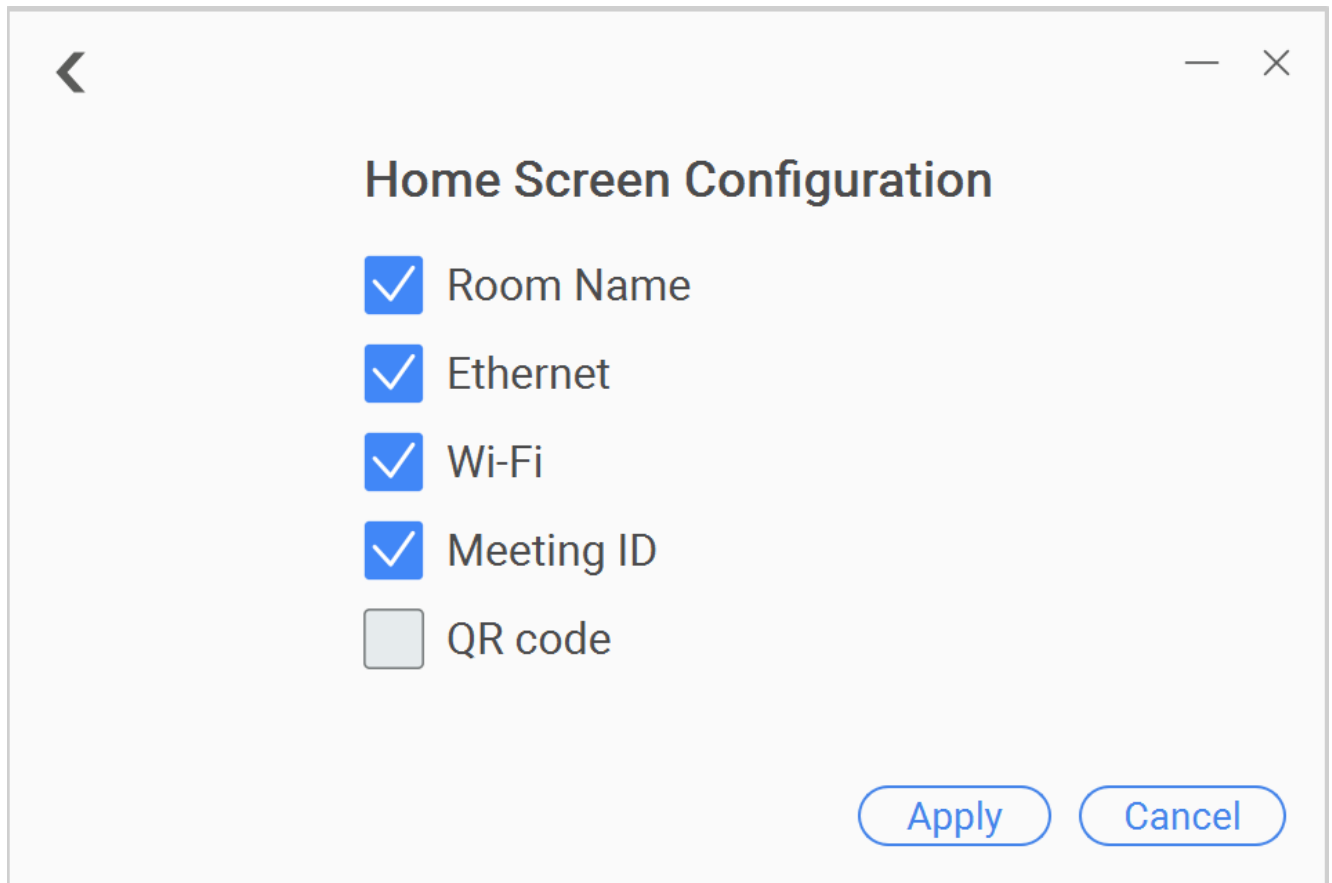

Item	Description
Room Name	Allows you to edit the name of the NovoStage session.
Home Screen Configuration	Sets the items displayed on the NovoStage main screen. Go to Home Screen Configurations for more information.

Screen-Cast Configuration	Allows you to enable/disable presenting via AirPlay and manage its related options. Go to Screen-Cast Configuration for more information.
Software Update	Allows you to view the current software version and check for software updates.
Send Feedback	Links to the customer support website to contact a Delta service representative.

## Home Screen Configurations

Click the **Home Screen Configurations** button on the settings menu to access the **Home Screen Configurations** sub-menu.

In the **Home Screen Configuration** sub-menu, check the box for an item and click **Apply** to enable the selected item on the NovoStage main screen. **Room Name**, **Ethernet**, **Wi-Fi**, and **Meeting ID** are enabled by default.

The image shows a 'Home Screen Configuration' dialog box. It has a title bar with a back arrow on the left and a close button on the right. The title 'Home Screen Configuration' is centered at the top. Below the title, there are five settings, each with a checkbox and a label: 'Room Name' (checked), 'Ethernet' (checked), 'Wi-Fi' (checked), 'Meeting ID' (checked), and 'QR code' (unchecked). At the bottom right, there are two buttons: 'Apply' and 'Cancel'.

Setting	Checked
Room Name	Yes
Ethernet	Yes
Wi-Fi	Yes
Meeting ID	Yes
QR code	No

Go to [The NovoStage Home Screen](#) for more information about the NovoStage home screen.

## Screen-Cast Configuration

Click the **Screen-Cast Configuration** button on the settings menu to access the **Screen-Cast Configuration** sub-menu.

In the **Screen-Cast Configuration** sub-menu, check the box for a setting and click **Apply** to enable the selected setting. **Enable AirPlay** and **Ask for Permission to Present** are enabled by default.

## Screen-Cast Configuration

☒ Enable AirPlay
 

☒ Enable AirPlay Code

☒ PIN Required
 ☒ Ask for Permission to Present

Apply

Cancel

Item	Description
<b>Enable AirPlay</b>	Allows users to join the NovoStage session via AirPlay
<b>Enable AirPlay Code</b>	<p>Displays a code on the NovoStage main screen that users who intend to join via AirPlay will be required to enter.</p> <p><i>NOTE: This option will appear only when the Enable AirPlay function is checked.</i></p>
<b>PIN Required</b>	<p>Displays a PIN on the NovoStage main screen that users who intend to join via the NovoConnect software will be required to enter.</p> <p><i>NOTE: Only one code will be displayed when both the Enable AirPlay Code and PIN Required functions are enabled.</i></p>

<b>Ask for Permission to Present</b>	Requires the host to obtain a paused presenter's permission to re-add them into a presentation. Go to Pausing an Attendee's Screen for more information.
