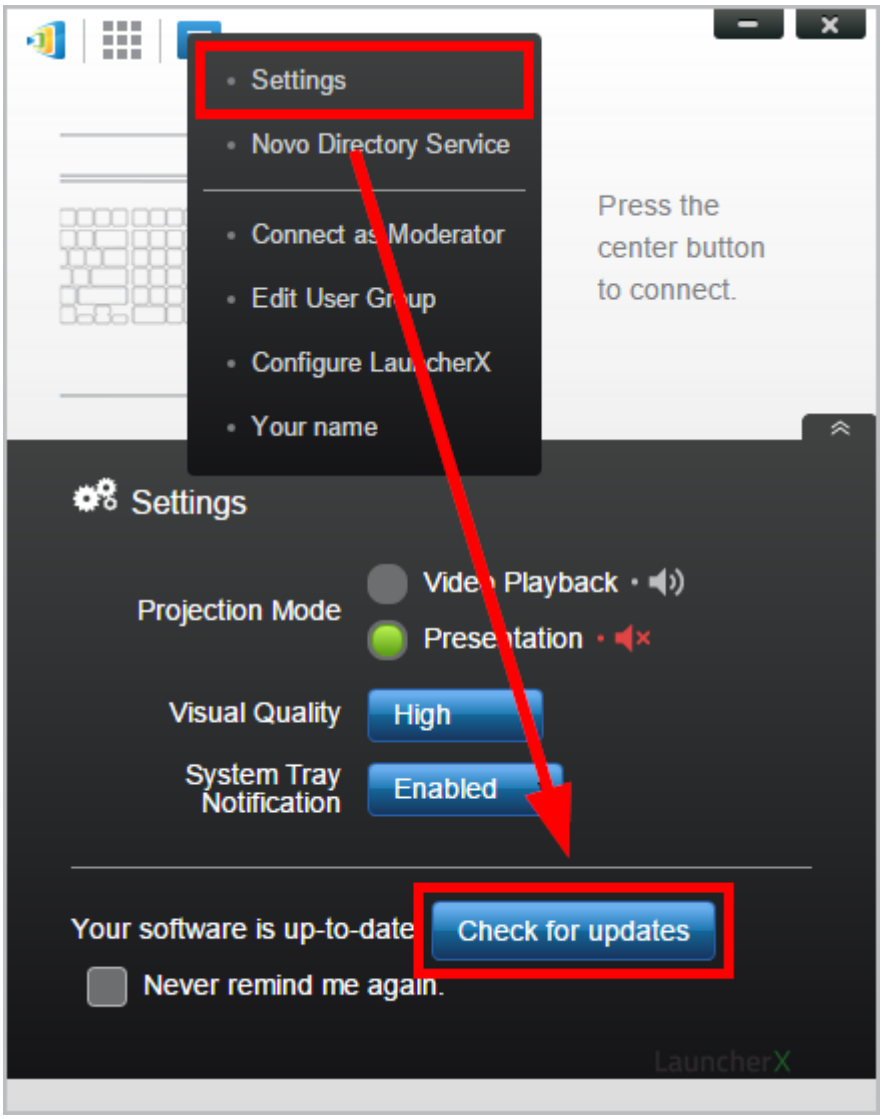
Upgrade LauncherPlus

Individual Upgrade

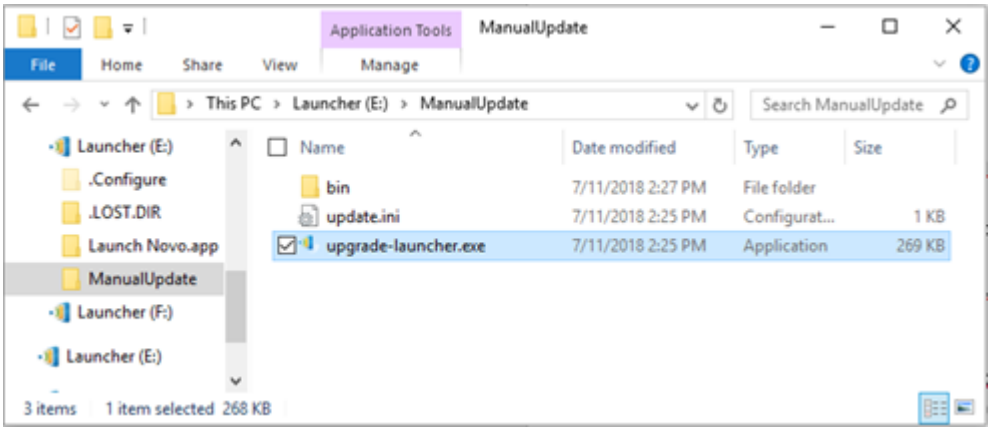
Go to > **Settings** > Tap Check for Updates to update the Launcher or use **Launcher Recovery Package** to mass upgrade.



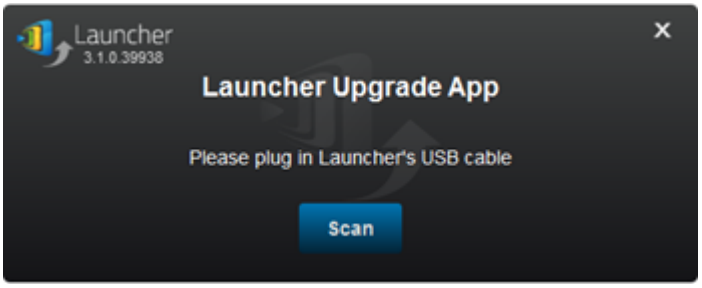
Mass Upgrade

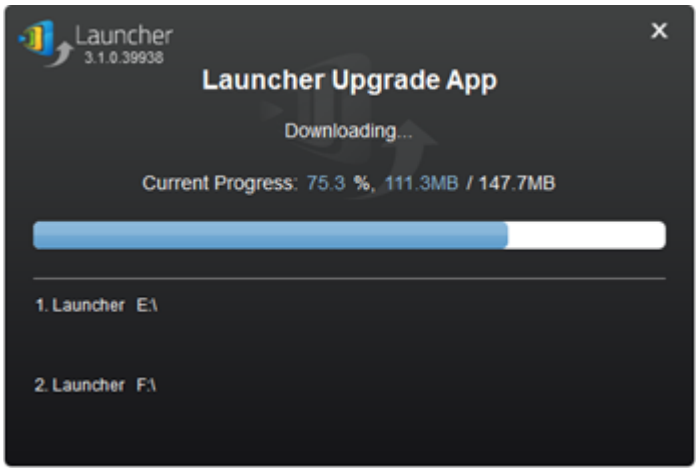
Step 1. Plug LauncherPlus(es) into a computer via USB.

Step 2. Go to one of LauncherPlus **ManualUpdate** folder, launch **upgrade-launcher.exe**

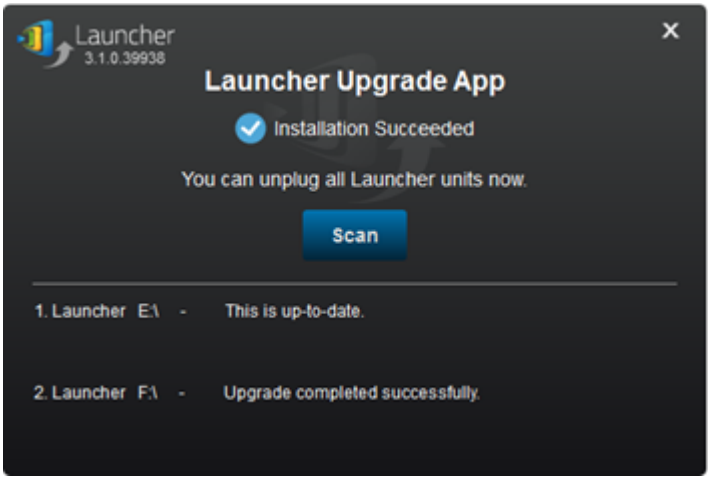


Step 3. Tap **Scan** to detect LauncherPlus(es) then tap **Start** to download the latest version from our server and start to upgrade LauncherPlus(es).





Step 4. Once upgrade completed you can unplug the LauncherPlus(es). And plug in other LauncherPlus(es) you would like to upgrade, click scan and start again.



Launcher
3.1.0.39938
Launcher Upgrade App
